

Christopher Busby
Scientific Secretary
ECRR

Regarding the request for an extension in the case M 1333-11

Dear Mr Busby,

The ECRR is welcome to submit comments on case M 1333-11. Further extensions of the date can however not be granted by the court.

The court wishes to inform you that the purpose of the current round of referrals is to determine whether the application is formally complete. Provided that the application is accepted by the court as formally complete, the court will announce another round of referrals, in which the public and the concerned parties will be given the opportunity to submit comments on the case as a whole.

Sincerely,

Anna-Pia Johansson
