Dear Claudio

Thank you for the update on the International Review Team's (IRT) review planning. We will forward the kick-off questionnaire and the proposal for the hearing to SKB as requested.

Regarding communication between the IRT and SKB your proposal is fine, except that we would like you to channel also orientation-questions through Karin Olofsson. Hopefully most of these type of questions can get an answer by consulting SKB's web page. If not it would be preferable if the IRT could collate a number questions before contacting Karin (to minimize the administrative burden).

Your proposal concerning the workshop week and hearing with SKB in December is fine. Please let Karin know when you know more, so that we can book an appropriate conference facility and make the appropriate arrangements with SKB for visits in Oskarshamn.

Best regards

Björn
