Dear Michael

Please find attached a follow-up letter from N-A Mörner representing the NGO Milkas. As with the previous letters from the Swedish NGOs it is up to you and the review team to decide if and how you want to take this into account in your review. We have forwarded these letters as a service to the NGO's involved in the licensing review, but it doesn't change the Terms-of-Reference for your work.

Best regards

Björn
