Hej Olle

Som en uppföljning till er pm om hydrogeologisk modellering önskar den internationella expertgruppen ett förtydligande (se nedan).

Mvh
Björn

Dear Björn

With regard to the memo you just sent, we shall see how well we can take it into account. Vis-à-vis the new calculations, please ask SKB the following question:

For this analysis, did SKB apply the deposition hole rejection criteria or not ?

Thanks

Claudio
